Bangla and English

WORK EXPERIENCE

Junior Flutter Mobile Application Developer AUG 2023 - MAR 2024
Creative Software I Panthapath, Dhanmondi, Dhaka

As a Junior Flutter Mobile App Developer at Creative Software, I collaborated closely with a skilled team to deliver high-quality mobile applications. Leveraging REST API integration, various libraries, and state management with GetX, I ensured the smooth functionality and user experience of projects like CRM, Easy Somity, and Ababil Courier. Embracing MVC and MVVM architecture principles, I contributed to creating robust and scalable solutions. This role provided me with invaluable insights into the software development lifecycle and enhanced my ability to meet project deadlines effectively.

PROJECT

Sign Language Video Chating App JUN 2023 - NOV 2023
Empowering disabled individuals with a user-friendly platform that facilitates real-time communication through sign language, fostering inclusivity and accessibility.
Python, Dart, TensorFlow, Flutter, Firebase

E-Commerce App for Personal Business APR 2023 - MAY 2023
Streamlining sales calculations for small-scale entrepreneurs like tea or coffee sellers, empowering them to track and manage daily selling information efficiently, fostering business growth and organization.
Dart, Flutter, Firebase, Google Map API.

CERTIFICATION

Skill Development for Mobile Application Development (Cross Platform)
ICT DIVISION, Bangladesh OCT 2021 - FEB 2022

Graphics Design, Digital Marketing and Web Design
CodersTrust, Bangladesh SEP 2020 - JULY 2022

ACHIEVEMENT

Second Position in Science Fair 2022 for 'Khudha Nibaron' Mobile Application Project

Science & Nature Club,
Z. H. Sikder University of Science and Technology JUN 30, 2022
